

Abstract Submission

Please fill the following items you are required.

First (given) name:

Last (family) name:

Title (Mr., Ms., Dr., Prof.):

Affiliation:

Address:

E-mail address:

Preferred presentation form (oral/poster/indifferent):

Abstract category (select from the list below):

Topics

1. Crystal structures, phase transitions and dynamic phenomena
2. Amorphous, liquid, non-crystalline and nanocrystalline phases
3. Magnetic and electronic phenomena at high pressure
4. Organic and biological systems
5. Water, ice and other molecular systems
6. Materials science
7. Chemistry
8. Geosciences and planetary sciences
9. Theory and computation
10. Techniques for high-pressure studies

IUCrHP2012 Abstract Template

H. Yamauchi¹, T. Osakabe¹, and Y. Katayama²

¹*Quantum Beam Science Directorate, JAEA, Tokai, Ibaraki 319-1195, Japan*

²*Quantum Beam Science Directorate, JAEA, SPring-8, Hyogo 679-5148, Japan*

Please follow the format and style described in this template. The abstracts are limited to text (including equations), references, tables and figures, in **ONE page of the A4 size** with margins of 25 mm for right and left, and 28 mm for top and bottom. **Use standard font type** such as Times New Roman, Symbol, Arial, Helvetica, and so on. The title is in 16-point bold font. Authors, affiliations, addresses, and main text are in 12-point font. The name of the presenting author should be underlined. References are also in 12-point font [1-3]. Abstracts should be submitted in an electronic version of the following formats, Microsoft Word (.doc, windows or mac) or portable document format (.pdf). Note that the final booklet will be printed in monochrome.
